VITOLON INTRODUCTION

Greetings from VITOLON INDIA LIMITED- A proud public limited Indian Company

Advanced Polymer Technology for Better Textile Performance

ABOUT US

VITOLON INDIA LIMITED is a **ZDHC Level 3** and **GOTS-certified** Public Limited Company committed to sustainable, ethical, and environmentally responsible chemical manufacturing. We specialize in advanced polymers, specialty chemicals, dyes, and textile technologies, supported by strong R&D and reverse engineering capabilities to develop high-performance **Make in India** solutions.

Our backward-integrated, SCADA-controlled manufacturing facility has a production capacity of **1,000 MT per month** and is supported by a state-of-the-art R&D and Quality Control laboratory equipped with **HPLC, GC-MS, Headspace (HS), PSA, TGA, and advanced reactors** to ensure consistent quality, innovation, and reliable supply.

OUR PRODUCT DIVISIONS

Technical Textile Chemicals

More than **350 specialty chemicals** and **1,000+ technical solutions** for textile sizing, pretreatment, dyeing, printing, finishing, coating, garments, denim, yarn, and all natural & synthetic fibres.

Colorants

Reactive Dyes • Direct Dyes • Acid Dyes • Pigments

Protection Chemicals

Antimicrobial • Oil & Water Repellents (OWR) • Flame Retardants (FR) • Moth Proofing • Anti-Pilling • Crocking Control • Functional Coatings

Water Treatment Chemicals

ETP Colour Removal • RO Chemicals • Boiler Water Treatment • Cooling Tower Chemicals • Humidification Plants • Swimming Pool Chemicals

Polymer & Coating Solutions

Acrylic • Polyurethane (PU) • EVA • Hybrid Polymers • SBR • SBLR

Printing Chemicals

Low-Tg High-Fastness Binders • Advanced Printing Polymers • Fastness Improvement Solutions

Substitutes of basic Chemicals

Substitutes for Silicates • Alkalis • MTO • Kerosene • Reducing Agents • Chlorine • Solvents • Chlorides

Adhesives

Water-Based PU Adhesives • Wood Adhesives • Lamination Adhesives • BOPP Adhesives

Construction Chemicals

Waterproofing Systems • Concrete Admixtures • Tile Adhesives

Paint Additives

Waterproofing • Anti-Fungal • Scratch-Resistant • Durable PU Additives

Laboratory Testing & Technical Services

Water Testing • Chemical Analysis • Dye Testing • Reverse Engineering • Product Development

---

INDUSTRIES WE SERVE

- Technical Textiles & foam finishing
- Textile Continues process - CBR, CBP PDPS, E Control, PS
- Medical & Geotextiles
- Automotive Textiles & Carpets
- Defence & Institutional Supplies
- Denim, Yarn, Fibre & Garment Processing
- Apparel & Home Textiles (Knitted & Woven)
- Wool, Jute & Silk Processing
- Water Treatment, Boilers & Coal Conservation
- Leather & Paper Industry
- Paint & Construction Chemicals
- Adhesives & Coatings
- BOPP & Lamination
- Laboratory Testing Services
- Machine Cleaning

724-City Gate, New Vasna, Ahmedabad 380007 Guj, +91 9558888743, www.vitolon.in, vitolonindia@gmail.com

CIN NO.U24290GJ2021PTC126205//PAN NO.: AAICV3235D//TAN NO.: AHMV10459B//P.F.Code GJAHD2486312000//ESI Code:37001266570000304

NGO Support

Promoting and empowering traditional textile artisans through technical guidance and innovation.

Products & Technical Expertise

We offer chemicals and process solutions for:

Fibres

- Wool, Nylon, Silk, Aramid, Acrylic
- Cotton, Rayon, Jute, Hemp, Bamboo, banana, elastane blend
- Specialty Fibres – Glass, Kevlar etc

Textile Segments

- Fibre, Yarn, Fabric, Denim, Towels, Tops, Garments, Carpets
- Sizing, Dyeing, Processing, Printing, Coating, Foam Finishing etc.

Functional & Technical Textiles

Specialized solutions for:

- Camouflage Fabrics, Flame Retardant Fabrics, Oil & Water Repellent Fabrics
- Mosquito Repellent Textiles, Medical Textiles, Geotextiles, Comfort Finishes
- Protective Clothing, Bulletproof Jacket Fabrics, Defence & Institutional Textiles

---

Certifications & Compliance

Our products are designed to comply with leading international standards, including:

- ZDHC Level 3
- GOTS Version 7
- Meets OEKO-TEX Requirements
- Meets ISO Quality Management Standards
- Meets Environment & Safety Compliance

Advanced Laboratory Facilities

Our in-house and partner laboratories are equipped with advanced analytical instruments including:

- Gas Chromatograph (GC)
- Mass Spectrometer (MS)
- Headspace Analyzer
- Particle Size Analyzer
- Thermogravimetric Analyzer (TGA)
- R&D Reaction Chambers
- Chemical Reactors
- Comprehensive Textile & Chemical Testing Equipment

Consistent Quality – Batch After Batch

Manufacturing Infrastructure

Our modern manufacturing facilities include:

- SCADA Automated Chemical Synthesis Reactors
- 1,000 MT Crude Manufacturing Capacity
- 2,000 MT Total Production Capacity
- Large Batch Manufacturing (2–25 MT)
- Both In-house formulation & Contract Manufacturing Facilities

---

Vision & Mission

At VITOLON INDIA LIMITED, our vision is to build a globally competitive Indian chemical industry through innovation, sustainability, and technical excellence.

Our mission includes:

- Developing world-class "Make in India" specialty chemicals that match or exceed global standards.
- Reducing India's dependence on imported chemicals through indigenous innovation.
- Conserving energy and protecting the environment through sustainable chemical technologies.
- Supporting MSMEs with advanced R&D, laboratory testing, and process optimization.
- Creating successful entrepreneurs and skilled industrial sales professionals.
- Establishing world-class testing laboratories and certification facilities in India.
- Researching environmentally friendly, low-carbon-footprint technologies.

- Developing advanced polymers and functional textiles for defence, DRDO, institutional, and technical textile applications.

Our Commitment

We are committed to:

- Innovation through Research & Development
- Sustainable Manufacturing
- Consistent Quality
- Customer-Centric Solutions
- Technical Excellence
- Environmental Responsibility
- Nation Building through "Make in India"

Partner With Us

We invite industries, institutions, entrepreneurs, and research organizations to collaborate with us for:

- Specialty Chemicals
- Product Development
- Laboratory Testing
- Technical Consultancy
- Industrial R&D
- Sustainable Manufacturing Solutions

Together, let's build a stronger, self-reliant, and globally competitive India through innovation and advanced chemistry.
